

duolingo live6

This 1-to-1 live course is designed for those taking the duolingo English test soon. It consists of six hours of live classes with Jim and introduces test strategies for all **seven** duolingo item types (*see below*), including extended speaking and writing. Live classes typically focus on speaking, with a particular focus on improving fluency, pronunciation, and rhythm. Writing tasks are usually completed for homework and reviewed in class. This course could be spread over six weeks or completed in three to five days. A minimum of two hours' homework is set after each class, according to individual needs.
